Pros - It offers a quick method of weighing yourself and determining body fat percentage. From under a cork tree. Now that being said, I personally don't think it's a terrible click, it's just not the best sounding record (to say the least). It's not the best sounding record out there, and no matter how many times it gets repressed, it's never going to sound good. There is a progression system to align. Sniper Ghost Warrior 4 pieces maps are great in this game. You have to show your skills as soon as possible in this game.
